Qualification Rules

How to achieve commissions active status

Be **Monthly Active** with at least **100PV** per calendar month — from your own order, sponsored customer orders, or any combination of the two.

The 50% Rule | Senior Member example (1,500 pts)

No more than **50%** of a rank's required volume may come from one leg. The strongest leg is capped at 50% of the rank requirement — measured from the **unilevel tree**.

Member 1	3,000	750 CAP
Member 2		350 pts
Member 3		150 pts
Member 4		100 pts
Your PV		150 pts

Total qualifying volume **after the 50% Rule** is applied to the strongest leg:

Total 1,500 points
